Paul Hemmer Co. has completed development of St. Elizabeth Physicians Express Care and Primary Care medical offices at 135 Courthouse Crossing in Independence, at the intersection of McCullum Pike and Ky. 17.

Hemmer developed the real estate for St. Elizabeth Physicians, selected and evaluated the site, acquired the land, managed zoning and site plan approvals, and designed and constructed the 12,400-square-foot building.

Hemmer Vice President Jack Levermann led the project development. CEO Paul W. Hemmer Jr. served as project manager and Ron Heck was superintendent. Hemmer also is now leasing the facility to St. Elizabeth Physicians and will manage the property for them.

Hemmer has developed and constructed more than 800,000 square feet of medical space and has earned an excellent reputation among physician groups.

St. Elizabeth Physicians Express Care is a neighborhood walk-in care clinic, open seven days a week, where patients can receive prompt medical attention without an

advertisement. St. Elizabeth Physicians is the multi-specialty physician organization of St. Elizabeth Healthcare, operating in three states with more than 300 doctors.
